

BW-MY3/240

HAND HELD INSPECTION YOKE

FEATURES

- **240 VAC Operating Voltage**
Custom made 240V transformer coils
- **Detachable cable**
- **Complies with AS 1711**
- **Rugged & reliable construction**
- **Light weight unit (2.3kg)**
- **Articulated legs**
- **Ergonomic design for comfortable grip**
- **UV & white lights available**

The BW-MY3/240 is a compact, hand held and lightweight electromagnetic yoke, encapsulated in a rugged housing that makes it extremely durable.

Featuring a powerful 240VAC electromagnet, adjustable poles, and one hand operation, its small size makes the BW-MY3/240 ideal for inspecting different geometries, welds, castings and on-site inspections, especially where there is limited access.

The BW-MY3/240 is supplied with a 4.0m detachable cable. Using a detachable cable allows for ease of repair and replacement, improving performance, eliminating "down-time" and extending product life.

BW-MY3/240 Specification

Power	AC240V 50Hz	
Current	2.8A	
Lifting Power	5.44kg	
Magnetising Power	240V: 50Hz: 5,240AT	
Available Pole Distance	Centre pole distance	145mm
	Minimum pole distance	75mm
	Maximum pole distance	210mm
Weight	2.3kg	
Size	182mm (l) x 230mm (h) x 45mm (w)	
Power Cable Length	4.0m	
Duty Cycle	60 sec ON, 30 sec OFF
